VOL. VIII. RENO, WASHOE COUNTY, NEVADA, THURSDAY, JANUARY 22, 1880. NO. 99.

NEWS ITEMS OF INTEREST.

A Difficulty which lately has assumed prominence in consequence of recent scandals in the Church of England is what to do with superannuated beneficed clergymen. One such old gentleman has been administering the commnion when half seas over.

Some of the English slaveholders in Brazil find themselves in a bad fix. They have been holding slaves who ought, according to law, to have been long since manumitted, and the Brazilian government decrees that they must give each man wages for the whole period of such detention.

Unusual cold in the north of Europe has sent southward immense flocks of wild ducks, making for the less inclement quarters of the Pontine marshes in Italy. They are seen and heard passing over Rome in the early morning, flying low, and they have afforded such abundant sport and spoil that they are cried about the street in quantities.

Snubbing Insolent Englishmen.

It is not always a safe matter to hazard remarks upon the personal appearance of those with whom we are brought in contact. A story is told of a specimen of the traveling Englishman who was regularly sat upon for venturing on an impertinence of this kind. It was at a *table d'hote* at Boulogne. The Englishman in question, a very bumptious individual, was accompanied by a lady, and sitting opposite to them was a young German, on whose fingers were a number of massive rings. After gazing in a most persistent manner at him, the Englishman, addressing his companion in a loud tone, said: "I hate to see a man with rings on his fingers!" The German replied to this with a supercilious sneer, so the Englishman "went for' him again, and said, in a still louder tone: "Do you know what I would do with a ring if I had one?" Before the lady could reply, and to the great amusement of all who heard it, the German broke in: "Vare it in your nose!"

The Result of Tossing an Elephant.

An elephant constituted the great attraction of a traveling menagerie that arrived in Amsterdam a few days ago, and was permitted to camp out in one of the public gardens there. An old gentleman, inspired by the elephant's amiable expression of countenance, with the conviction that he would stand any amount of teasing, proceeded to offer a tempting lump of bread to the animal, deftly withdrawing it, however, beyond the reach of the elephant's trunk each time that receptacle was thrust forth to grasp it. This jocular performance having been repeated several times, the elephant suddenly stepped forward close to his side of the railing, seized his tormentor's body in his trunk, lifted him clean over the barrier interposing between them, and hurled him to the ground. Having got his enemy down, he trod upon him with such vindictive vehemence, that when the old gentleman was finally got out of the enclosure he was dead.

Freaks of Fortune.

The vicissitudes of fortune in everyday life are extraordinary, and even Sir Bernard Burke must be astonished from time to time at seeing his own remarkable instances thrown into the shade by fortuitous rises or falls in the social scale. The Judge of Probate in England, Sir J. Hannen, had to decide the other day as to the distribution of the property of a whilom chimney sweeper's boy, who died worth £25,000; and during the same week the Judge in the Court of Bankruptcy had before him the case of an individual whose debts were £119,000, and his total assets £8 10s. 6d.

The Reason Why.

How is it, May, that all the kid gloves worn at the Leap Year party, came from A. Strassburger & Co's.?

Because they have the best fitting gloves, from 2 to 12 buttons, and the loveliest shades in the State, and furthermore, they warrant every pair of gloves they sell, and their prices are very reasonable indeed, Frankie. jan19

IMPORTANT IF TRUE.

The telegraph yesterday brought news that the Central Pacific railroad company had made a sale of 50,000 shares of its capital stock, with the privilege of another block of the same size. The four men who have carried the load so long are getting tired, and propose to share it with others. The history of the company is a remarkable one in many respects. It is the only road of importance in this country which has been carried to success by its original incorporators. Its affairs have been managed more wisely and economically than any other similar institution in the world. There have been no adverse influences, no pulling or hauling. Every energy has been exerted to make this one concern a success, and the five men who had it under control, might have been one, so far as singularity of purpose went. The division of authority, or, if it comes to that, change of management, is of great importance to this state. The old company has kept up wages and treated the employees with a consideration unknown in the eastern states. There the local officers are way above their business, while the general officers and directors are entirely unapproachable. The spirit which animates the employees is different also. Here, every man attends to his own business and there is no plotting and gossip. There, one is reminded all the time of a political campaign; no man is safe an hour. The Central Pacific has been heretofore ever ready to make any improvement which their business demanded, no matter how difficult or expensive. They have poured out money like water, building branches, ferry boats, depots, etc., in California, and in the next few years will expend large sums in Nevada. We cannot but look with apprehension upon the placing of this vast property in which we, as a community, have so much at stake, in the clutches of Wall street. When a railroad is run in the interest of stock boards, it loses some of its greatest advantages, and is turned from its proper and natural channel, which is to work for the good of its stockholders, and the country tributary to it. So far as the change bringing any advantage to the state of Nevada, there is no good reason to hope that men who control the Union Pacific, would favor us any more than the present managers, and the chances are the other way. It is not unlikely that the people will regret the change, and find out who their real friends are, when it is too late.

A NEEDED IMPROVEMENT.

We have found it very difficult to deliver our paper to town subscribers without an occasional loss or damage from snow or mud. The wind blows so hard and so much of the time that anything not fast at one end is carried off. A paper thrown on a door step or in a yard is liable to be wet and muddy if not blown away. In order to give our readers every opportunity to keep good their New Year resolution not to swear in 1880, we have had made two hundred handsome boxes which are being put up to-day at the front gate of every one of our subscribers. The boxes are not only useful but ornamental. They are neatly painted with two coats of white paint, "GAZETTE" in black on the lid in the characters at the head of the paper. We will thank our subscribers if they will report any failure to deliver the paper in proper order.

EDITORIAL NOTES.

Concerning the Maine trouble, the Elko *Independent* says:

"The Republicans who have had supreme control of that State for so many years past, are alone responsible for the miserable political condition now reigning there. They are but taking a single draught of the bitter chalice which they have so frequently forced down the throats of others."

The *Independent* evidently thinks that a chalice is a drink of somekind. The general impression has been that a chalice is a drinking vessel. If, as the *Independent* alleges, the Maine Republicans have been going around forcing a bitter chalice down the throats of others, more or less loss of life must have ensued, and they are deserving of capital punishment.

Mild weather is prevailing all over the country. The Hudson river is clear, and ice dealers are looking forward to high prices for ice next summer. Yesterday Dingley was visited with a heavy snow storm, and there has been good sleighing in Paris. What suffering that means for the miserable poor of that crowded city!

The New York *Herald* said yesterday that "California champagnes are as good as any in the world." The wine of the champagne district in France this season is scarce and poor.

The jury in the Hayden murder case at New Haven, Conn., were unable to agree, and have been discharged. This ends the case for the present.

I. L. Requa, chairman of the Republican State Central Committee, has issued a call to members to meet in Virginia on Monday, Feb. 23.

The New York *Tribune* almanac is out for 1880. It is one of the most valuable reference books published, and is sold for 25 cents.

According to the able report of Dr. Wilkins, resident physician of the Napa, (Cal.) Insane Asylum, it appears that of the 614 patients admitted last year 418, or two-thirds, were of foreign birth.

The *Enterprise* says: Work is now being rushed in the Belcher mine. This is particularly the case on the 3,000 level. At that point they are moving as rapidly as possible to get under the point where the ore was struck on the 2,700 level.

Some woodchoppers have discovered new mines in the Rose Creek Mountains, about fourteen miles south of Winnemucca. Pieces of ore from one of the ledges discovered have been brought to town and are very rich in silver, some specimens assaying $5,000 to the ton in silver.

A Washington Territory dispatch says that the road from Wallula to Cililo, 110 miles in length, is located and the contracts let. Men are now at work and more will be placed as soon as they can be procured. The country is now on the high road to prosperity, and a very large emigration is expected this year.

Says the Winnemucca *Silver State*: "It is generally believed that the coldest part of the season is over, as the mercury was never known to sink to zero in Humboldt after the 24th of January, and rarely after the middle of the month, and the snow which falls after the 20th of January, seldom remains more than a few days in the valleys."

The "boys" of Paradise have been playing a practical joke on their Justice of the Peace. They got up a sham fight between two well known citizens, first giving the Judge notice of the expected combat, and kept that functionary in such a fever of excitement that he got gloriously drunk before the mock encounter came off. Then they adjourned court until His Honor got sober, made him drunk again, and at last lodged the "court" in jail. When somewhat sober again, they liberated him.

In Paradise last Monday night, as Mr. Hinkey was about to get into bed with Mrs Hinkey, four wagons loaded with "surprisers" halted at his door. The couple hastily robed themselves, admitted the party, and danced with them until 3 A. M. Informal entertainments are the rule in the abode of the blest.

A Living Petrifaction.

The petrified child in the family of J. A. Kinsley, of New Philadelphia, Ohio, continues to attract general attention, and is considered by all who have seen it to be the wonder of wonders. The hardness has gradually spread over the entire body, some portions being so hard that not the slightest indentation can be made. The case is said to be without a parallel in the history of the country, and the singular disease has baffled all medical skill. How the child can live in that solidified state is the greatest mystery. The parents are sadly grieved over its sad affliction, and are doing everything in their power for its relief.

The Cost of a Trip Around the World.

The expense of a trip around the world is calculated by the *Railway Age*, on the basis of 180 days, as $849 for first-class and $608 for second-class accommodations. Under the first head are included these entries: New York to San Francisco, $129; sleeping car, $22; meals on the road, $18; San Francisco to Sydney, $200; expenses in Sydney, $40; Sydney to Melbourne, $25; expenses in Melbourne, $40; Melbourne to Adelaide, $25; expenses in Adelaide, $40; Adelaide to London in sailing ship, $225; England to New York, $75. It is admitted, however, that a little extra money will not come amiss. No allowance is made for expenses in England.

Cause and Effect.

From the Springfield Republican.

It was probably owing to the entire absence of religious journalism during the apostolic age that outsiders came to remark "How these christians love one another."

The Word "SOZODONT"

Which has already became a household word, is derived from the Greek, and is composed of two words, Soso and Odontos. "Soso" translated, means to preserve, and "Odontes" the teeth—"SOZODONT" a preserver of the teeth. And it is true to its name. It beautifies and preserves the teeth, hardens and invigorates the gums, and corrects all impurities of the breath. The odor of this pure preparation is so delightful that it is a luxury to apply it. It is as harmless as water. Sold by druggists and perfumers. jan3-eod-tuo-d&w

Providing For Good Reading.

It will be noticed by all who read the advertisements on the last page that the Chicago *Field* and the Chicago *Mining Review* have been added to the Weekly club. These first-class papers reach Nevada two days in advance of others of the same class from New York. The *Field* is a high-toned and brilliant sportsman's paper, and is the only illustrated paper devoted to the rod and gun. Four dollars is the price of the *Field* alone. That price gives subscribers the Weekly GAZETTE for nothing. The *Mining Review* is a first-class weekly, giving the New York, Chicago and San Francisco stock reports, complete. Price $3 per year. The Weekly GAZETTE and *Review* both will be sent for that price. This is an excellent opportunity to get good reading matter.

The Railroad Divisions.

The changes of the divisions mentioned in Mr. Towne's letter to the citizens of Wadsworth, will involve the removal of the shops at Wadsworth, Winnemucca, and Carlin to the Humboldt house, where there will be built extensive shops, yards, etc. The change also causes the construction of a fine brick round house at Truckee, and some changes in side tracks, etc.

The Good Templars' Dance.

To-morrow night the Good Templars give their neck-tie party, at the hall of the Reform Club. The ladies are managing the affair, and it will doubtless prove both pleasant and profitable. Supper is included in the price of the tickets, which has been fixed at $1 50, and this is certainly reasonable. Good music will be in attendance.

Caution Notice.

The public are hereby cautioned against giving credit on my account, without a written order, also paying any bills due me without a written order from me or my family.

Ball at Washoe City

On the 20th inst. the Odd Fellows of Washoe City held a public installation of the officers of their lodge, and will celebrate the occasion by a grand ball. Tickets, including supper, $3.

WADSWORTH NEWS.

A. N. Towne Gives Notice of the Removal of the Railroad Shops—The Leap Year Ball—Bullion Shipments, etc.

From our own Correspondent.

Our citizens were not a little solicitous to know when the C. P. machine shops on this division were to be moved. Some had hoped that no changes would be made; others were influenced by rumor, and believed that the company was not decided in its own mind, and that in all probability no change would be made. To satisfy ourselves we sent A. N. Towne a petition some two weeks ago, to which the subjoined letter is his answer.

Messrs. M. Raphael, L. S. Burchard, A. L. Gladding, E. Griswold, and others, Wadsworth, Nev.

GENTLEMEN:—Your communication of the 11th received.

To more economically operate the road, it has been considered necessary to dispense with two shops between Ogden and Sacramento. In changing the divisional points it becomes necessary to move the shops from your place.

We are not insensible to the kindly feeling that has ever existed toward us in your town, and none more than the officers of the road, regret the necessity for a change.

As you specially ask when the removal is likely to be made, to enable you to better arrange your respective businesses, I can only answer indefinitely by saying that probably it will be late in the summer or early in the fall. Yours very Respectfully,

A. N. TOWNE, General Sup't.

San Francisco, Jan. 19.

The question of change of train crews, has not, I presume, been determined. This division is 205 miles long. Wadsworth is 70 miles from Truckee, and 135 miles from Winnemucca. Should the latter point be the one to which the shops here are to be removed, the entire division would evidently be too long, at least for freight crews. As the west end of this division is the most difficult, Wadsworth makes a convenient point for a change of train men. It is therefore presumed that the present arrangement in this respect will continue. The effect of the removal of the shops, would be to take some twenty-five or thirty railroad men out of this place. Some of these men are married and have families, others would also leave; so the blow to our little town will have a most decided effect in nearly every business interest here.

I had trusted to have a wedding notice for your readers, but when all was about ready (you know there are many slips, etc.), the affair was adjourned *sine die*.

The Alexander mine shipped about $7000 in bullion last week.

The Leap Year ball to-morrow evening has been the social excitement of the past week, and promises to be the event of the season. The ladies are quite busy with preparations, and have not been sparing of invitations to the sterner sex. L. S. B.

Wadsworth, Jan. 21, 1880.

"The Little, Old, Gray-Headed Man"

Jones and Smith were partners in a faro bank at Washoe City, in early days. Jones dealt by day and Smith by night. After some months of profitable business, Jones noticed that the bank was losing almost every night. Smith told him that the reason was that "a little, old gray-headed man had come in almost every night and had always beaten the bank somehow or other." But Jones' suspicions were aroused, and when Smith came down to take charge the next night, he found Jones idle and the bank "broke." Jones explained that "the little, old, gray-headed man" had been in that afternoon and had "busted" the bank. The partnership was immediately dissolved, and the "little, old, gray-headed man" was seen no more.

Overland Passengers.

The following is the list of through, west-bound, overland passengers to pass through Reno this evening: Clinton Morey and wife, Massachusetts; Walter Campbell and wife, New York; J. E. McLain, G. P. Reed, Massillon, Ohio; Samuel Moulton, Boston; Hiram M. Rogers, Buffalo; Johnathan Hopewell, Baltimore; Henry W. Reeves, Davenport, Iowa.

All Settled.

State Treasurer Crockett to-day measured up the fence on the prison grounds. There are over two miles of it. He paid for it in coin. Snellgrove and Fulmer were the lucky men. They drew down $1,413 06, eighteen of it was for work on the English ditch. Mr. Crockett goes home in the morning.

Some Snow.

Louis Geakel's ranche, the one in the mountains south-west of town, is snowed under. There are banks six feet deep over it. About a mile of flume is blown down above the house, some of the bents are blown up hill and some down and the boards ground to slivers.

District Court.

The case of P. J. Kelly vs. Graham & Trainor has been on trial all day in the District Court.

No decision has yet been reached in regard to the motion for alimony and counsel fees in the case of Jane Lake vs. M. C. Lake.

Sale of Cattle.

Colburn & Kellburn yesterday bought for the San Francisco market two lots of cattle, aggregating 250 head. The price paid was 6¼ cents, a decline of half a cent from recent prices.

JOTTINGS.

— The trout still keep far down the river.

— Read R. P. Chapin's notice to the public.

— Schooling received a lot of new goods to-day.

— Everybody will know to-morrow why R. F. Hoy built that house.

— Z. Thomas died at Clinton last evening of congestion of the lungs.

— Mr. and Mrs. Chism will bury their little infant at two o'clock to-morrow.

— Baled clover hay is now worth from $12 to $14; grass hay, $15 per ton, in this market.

— "Leap Frog" is now the popular game with the school boys. The girls do not share in the amusement.

— The skating at Donner Lake continues good, but if an excursion is to be made, no time should be lost.

— Why don't some of the school teachers get up a public spelling match, and thus help to make the town lively?

— The Pacific Lumber & Wood Company of Truckee has brought suit against W. E. Price of Franktown, for a small amount.

— The South Bulwer Mining Company have levied an assessment of twenty-five cents per share on their capital stock, and the Leeds one of ten cents per share.

— A meeting of the McPherson Post of the Grand Army of the Republic is called for next Monday evening. Those desirous of joining the post should apply to W. L. Bechtel.

— C. L. Dimond, insurance adjuster, went below last night. While here he examined into C. W. Jones' claims for insurance on his house, and the matter will probably be satisfactorily settled in a few days.

— Considerable interest is taken in the neck-tie party to be given by the Good Templars to-morrow night in the hall of the Reform Club. There will be good music, dancing, a fine supper and flirting unlimited; all for $1 50.

The Fate of Richardson.

Harry Richardson, whose coat and hat were found on the river's brink near Glendale; Harry Richardson, for the burial of whose body $46 90 was raised by subscription; Harry Richardson, whose tragic end made a text for an eloquent temperance sermon by Judge Cossett at the Reform Club last Saturday night, was reported last evening alive and well and working at his trade in Wadsworth. Those who contributed to his burial fund were made the butt of numerous jokes last night.

But, now it turns out that Richardson is not in Wadsworth. Al. Lyman, a C. P. Engineer, searched Wadsworth for him this morning, and ascertained beyond a doubt that Richardson is not there. So the supposition remains that the missing man must have concealed himself under the ice in the river. Up to the time of the present writing he has eluded all efforts to find him.

War On Curs.

Constable Avery is pound master, and he declares his intention to rigidly enforce the law in regard to stray cattle, wandering hogs and unlicensed dogs. Yesterday a hapless, howling dog was sacrificed, the first victim to the reign of terror which has commenced. The boys will be paid four bits for every unlicensed dog they deliver into captivity, so that a lively canine crusade may be expected. No impounded animal will be released until full fees have been paid.

The dog tax for 1879 yielded the town $201. The tax per head is $5 for bitches, and $3 for their male descendants. The rigorous enforcement of the dog law should rid the community of some dozens of worthless curs that make night hideous with their howlings.

Personal

Hon. L. L. Crockett, State Treasurer, is in town.

E. A. Littlefield, editor of the Elko *Post*, went up to Carson this morning and returns to Reno to-night.

W. B. Gilbert and wife are at the Depot Hotel. Mr. Gilbert has been sent out by New York parties to take care of some mines they have purchased in Plumas county.

The Amitie Club.

A new society has been organized in Reno under the name of the *Amitie* Club. The membership now numbers about 38. They will have a dance some night next week, open to members only. New members are admitted by ballot. The officers are: Frank Mosher, President; J. Dilman, Secretary, and C. H. Boynton, Treasurer.

JEWELRY

$75.00 worth for $15.00,
—AND A—
Solid Abyssinian Gold Watch
FREE! FREE!! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1875, we have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for $1. For instance, on receipt of 50 cts. we will send you, POSTPAID, any article to the value of $2 50; on receipt of $1, articles to the value of $5, and so on throughout the entire list. Below we give a list of the most valuable of these goods.

From personal inquiry and on the recommendation of the city press, we think our friends can do no better when wanting goods in that line. Give them a trial."

The American Stockman, Sept. 11, says: "We believe this institution perfectly sound and reponsible, and consequently persons need have no hesitation about sending for what they desire."
